Most restaurants have started accepting card payments, but smaller cafes and shops might not have card facilities just yet. We suggest taking enough cash to cover lunches each day, if you wish to buy some souvenirs you might want to have some extra cash for that as well.

We aim to reach Portree around 18:30pm each evening but due to unforeseen circumstances this might be a bit later. We suggest you don't make a dinner reservation before 7pm to allow enough time to get to the restaurant from your accommodation.

Alternatively, there are supermarkets and takeaway options available as well, should you not be interested in having a sit-down meal. Please note some B&Bs do not allow hot food in their rooms.

We look forward to welcoming you on tour with us.
