TIMBERBUSH & THE ENVIRONMENT

At Timberbush Tours we are conscious of the importance of preserving and maintaining Scotland's natural beauty, and how we operate within the natural environment.

We have adapted and continue to evolve our practices to ensure we minimise the environmental impact of our tours.

We are delighted to have been awarded a Gold Green Tourism Business Award and a 5* EcoStars award for our ongoing environmental efforts. We are also proud to support Trees for Life, a Scottish conservation charity dedicated to the restoration of the Caledonian Forest in the Highlands of Scotland. So far, we've donated over 2220 trees to Trees for Life, and through our website we offer our customers the chance to offset their carbon contribution by donating to our grove.

We've introduced more eco-friendly practices at Timberbush, such as water harvesting, eco-volunteering days and cutting down waste to landfill. Our fleet of coaches are fuel-efficient, and we allocate the appropriate size coaches to each tour depending on group size.

We have lots of exciting eco-ideas for the future! To get involved, visit our website: timberbushtours.com
